KNITMASTER CHUNKY 155

WITH AUTOMATIC PUNCHCARD KNITTING

Top of the Knitmaster range of Chunky machines is Knitmaster's Chunky 155 with its fast, automatic punchcard patterning and the deluxe features of a top specification Knitmaster.

Knitmaster's Chunky 155
Automatic Chunky Knitting

Knitmaster's Chunky 155 is a top specification, 9mm chunky gauge, punchcard knitting machine. Its carriage has the full Knitmaster masterglide action, including masterglide bearings, for smoother, easier knitting.

Its 12 stitch punchcard system produces patterns at just the right scale for chunky knitting (no need for impractical 24 stitch designs with this chunky) and transfers them through the unique Knitmaster memory drums on the carriage, directly to the needles (no noisy timing belt with Knitmaster's Chunky 155).

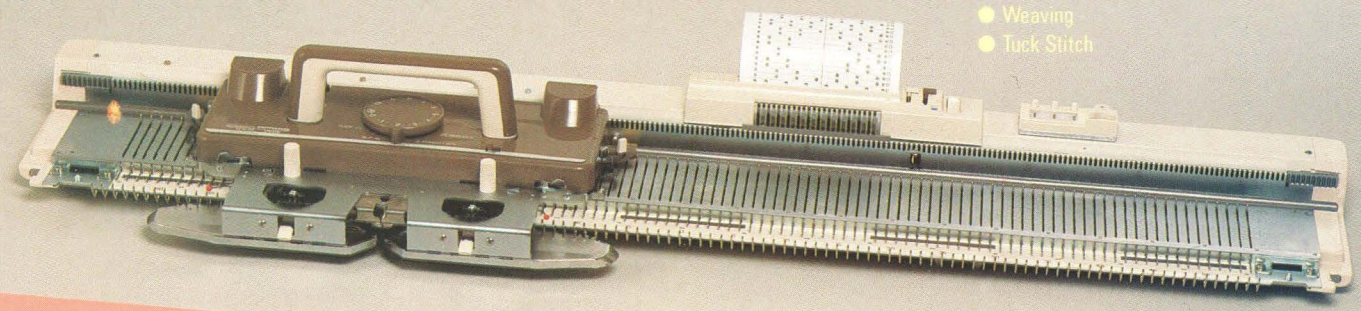
Easy to use

With Knitmaster's Chunky 155, the cast on is automatic while the Carriage Release Lever will automatically get you out of any jam.

And because the 155 patterns with its needles in lower working position at all times, you need never worry about damaging exposed needles or getting caught up in them yourself.

The one touch stitch selector will produce fully automatically, the following stitches.

- Stocking Stitch
- Slip Stitch
- Fair Isle
- Punch Lace
- Weaving
- Tuck Stitch



Everything you need

Knitmaster's Chunky 155 has 110 big needles — perfectly designed for knitting Mohair, Chenille, Aran and a whole range of Chunky yarns — plain, brushed, textured, cotton, etc. The 155 comes with its own carry case, a fully equipped tool box, row counter, punchcards and a fully comprehensive instruction manual and techniques book — ideally suited for beginners and experts alike.

Chunky 155 Accessories

The following Knitmaster accessories are suitable for use with Knitmaster's Chunky 155.

- 155 Chunky Ribber
- KR7 Knitradar
- AG30 Intarsia Carriage
- 155 Audio Tuition Cassette

This superb top-of-the-range Knitmaster 155 Chunky Knitting Machine is on view at your Knitmaster stockist now. Ask your stockist for a demonstration today.

FROM THE EDITOR

We've got lots of Christmas bits and bobs for you this month. The Swatch Spot includes some lovely Christmas motifs which you can use to knit festive sweaters, to decorate Christmas stockings, to create unusual place settings for the table on Christmas day, or simply to make some very effective Christmas wall hangings. If you decide to make a festive sweater, consider putting the motif onto a patch pocket so you can remove it after Christmas is over — you probably won't want to look quite so festive in the middle of February!

We've got some lovely, easy to knit soft toys for you to make on Standard Gauge or Chunky machines. We've knitted several different characters but you'll find it very easy to make your own characters too following the simple basic pattern. You might like to turn your hand to knitting some of the famous characters which are so popular with children but which we can't produce because of copyright laws.

I have an apology to make to those of you who own Knitmaster's 580 Designmaster electronic and who were expecting the second part of our '3 Colours in a Row' article — we ran out of space this month because of all the Christmas items so I'm afraid we've had to carry this item over to the next issue, sorry!

I hope you're all better organised for Christmas than I am and that you haven't got too much frantic last minute knitting and shopping to do. Have a very Merry Christmas.

MORE CHRISTMAS ITEMS

If you'd like more last minute Christmas gift ideas, including children's 'Father Christmas' mittens, Christmas stocking patterns for both Standard Gauge and Chunky machines, and a further selection of Christmas motifs, send for our December '88 issue enclosing a cheque or PO for £1.25 plus 28p p&p to:

Winter Collection

Our exclusive 'Winter Collection' of machine knitted knitwear combines up-to-the-minute fashion with the complete wearability of this Winter's styles. Never before has fashion been so varied, allowing us all the opportunity to introduce our own individual tastes to the few strong themes which are around.

Ethnic, historical and cultural influences are some of the strong themes which are apparent this Winter and we've used these influences to create new and exclusive punchcard designs. The shapes this Winter are classic and easy-to-wear so you'll find it easy to use our exclusive new punchcard designs on some of your favourite shapes to create even more variations.

Picture knitting is making a come-back this year and we've included two beautiful Winter scenes which will surely find a prime place in any woman's wardrobe this Winter.

Modern Machine Knitting's 'Winter Collection' includes 17 standard gauge patterns for men, women and children and is available from your local Newsagent or Knitmaster stockist. Or, send £3.50 + 34p p&p to:

Christmas Toys

Following the publication of the Santa Panda pattern with his sack of little toys last year, Rosalie Davis received many requests from knitters for another set of small toys, as these are not only ideal as stocking fillers but suitable for very young children, being completely safe and washable. The result is the Second Toy Set, comprising a Deep Sea Diver, complete with air tanks and air line, the clown with his pompoms, an angel complete with little silver wings at the back (knitted) and tinsel decoration, making her also very suitable for the top of the Christmas tree, a fluffy black cat with white paws and bib and an optional bell on ribbon, a Soldier with his little gold embroidered buttons and a green Stegosaurus, complete with his red spikes. All the toys can be either machine or hand knitted and, although the original patterns use double knitting yarn, the toys can also be knitted using 4ply yarns on a standard guage machine, which produces slightly smaller toys. Pattern with instructions, including illustrations for the embroidered features, is available from Rosalie Davis, Wayside, Fawkham Road, West Kingsdown, Kent, TN15 6JP. (Tel: 047485-3729) and costs £1.20, plus 30p towards the cost of post and packing. Last years Santa Panda pattern, including instructions for the panda, his removable Santa clothes, sack and first set of 6 toys is still available from Rosalie, price £2.20 plus 50p p&p.

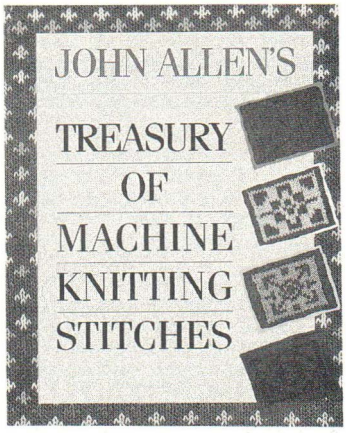
Treasury of Machine Knitting Stitches

"John Allen's Treasury of Machine Knitting Stitches" is a wonderful resource book, full of different stitches and ideas for exploiting them. Witten to appeal to both the novice and the experienced machine knitter, it aims to provide the kind of reference book hand knitters have enjoyed for so long, a dictionary of stitch constructions which can be called on at any time.



The author calls on his wide experience at the forefront of teaching and conducting workshops to present an exciting array of different stitches covering the structures of tuck stitch, lace, weaving, jacquards, cut float techniques, partial knitting, needle out effects and edgings and braids. The book is divided into sections covering 'families' of stitches, each introduced by information on their design considerations.

More than just a stitch dictionary, the book contains alternative ideas for interpretation and encourages the exploitation of colour and texture to create beautiful designs. Illustrated throughout in full colour, alternative colourways are often provided, while the use of textured yarns along with plain ones demonstrates how patterns can be changed and enchanced. Readers are encouraged to extend their design knowledge and understanding of basic stitch constructions, while those enterprising knitters who want to produce something unique and individual will be inspired by John Allen's ideas.

The stitch patterns are designed to fit any standard twenty-four needle repeat, so are applicable to all punchcard and electronic machines, while many of the stitches can be knitted on the most basic machines without punchcard facilities.

John Allen's Treasury of Machine Knitting Stitches costs £15.95 and is available from all good bookshops. If you have problems locating it, write for stockist information to:

MACHINE

Christmas knitting provides us with plenty of scope for devising glamorous sweaters in glittering and luxurious yarns, and I have found some of the most exciting yarns around for you this month.

Christmas presents are high on our list of priorities at this time of year too, and soft yarns for shawls, bright yarns for hats and gloves and novelty yarns for knitted toys all deserve a mention. Another necessary feature of winter knitting, warm and colourful garments for all the family, call for brightly coloured wool and acrylic yarns for easy care, and there are plenty of these available.

Gossamer 3ply, from the James Brett Collection, is a 100% Cashmilon yarn which comes in a pretty range of 12 shades. It's name describes this light and pretty yarn perfectly, and the 7 soft pastels and 5 brighter colours cover the spectrum with a soft pastel pink as well as the stronger shrimp pink, white, lemon, cream, baby blue and the softest dove grey. Royal blue, jade, as well as emerald, red and black complete the story. Perfect for knitting light and lacy shawls and scarves with your lace carriage, Gossamer 3ply is just the thing for knitting those very personal gifts.

The Atkinson Yarn Designer Collection contains many exciting yarns for all machines, ranging from the Fine Gauge to the Chunky, and for Chunky machine owners Impulse must be one of the most dramatic. Made from a mixture of 37% wool, 15% polyester, 46% viscose and 2% acrylic, Impulse is a soft yarn available on 500g cones in 7 lovely shades, all with a lively mixture of slubs and fancy wrappings. Chaudron, soft brick; Cygne, a wonderful mix of cream and white; Camelia, pale terracotta and natural; Nuit, tan with dusky grey; Raisin, rich fruity plums; Papillon, butterfly wing blues and greens and Pacifique, soft sea blue; these shades are all so tempting it's difficult to choose between them. Knitted into a generously sized jacket or sumptuous Christmas sweater, it's certain that whatever your choice, Impulse will be one of your very favourite winter yarns.

To add a seasonal sparkle to any plain yarn, Atkinson have 2 glitter yarns in their range. Pearl Glitter, 65% viscose and 35% lurex, will knit easily on the standard gauge machine. Available in gold and silver on 250g cones, knit it on it's own for extra special party tops, or with a plain black as a Fair Isle for a really dramatic evening look. Metallic is another lurex yarn, this time designed to be knitted alongside any plain yarn to give it a celebratory look. Metallic comes in gold, silver or multi coloured on 100g cones.

For machine washable family knitting, take a look at Wharfedale. This new yarn from Atkinson is perfect for anyone who wants the warmth of natural fibres, but cannot wear pure wool. A soft 4ply, Wharfedale is a mixture of 45% acrylic, 30% nylon and 25% wool, so combining the very best qualities of natural wool with man made fibres. 17 shades cover some very pretty naturals and pastels, as well as the brighter shades of Scarlet, Dandelion, Veridian, Rose and Royal. Available on 400g cones, Wharfedale makes the perfect yarn for bright Fair Isle sweaters for winter walking or school ski trips. With it's wide range of colours and washability, use up leftover oddments to make a few last minute stocking fillers too; brightly coloured teddy bear outfits of striped sweaters and scarves, jolly hats and mittens for the little ones, patchwork doll's blankets or even a Fair Isle patterned and padded tea cosy would be great fun to find under the tree on Christmas morning!

INSPIRATIONAL INTARSIAS

(Part 12)

Intarsia knitting is an important feature of modern knitting machines today — whether included as a facility of the main carriage or available as an additional intarsia carriage — and is a really fun way to create unusual and beautifully colourful pictures or geometric designs. Each month we investigate the use of intarsia, providing you with patterns, pictures and above all, inspiration to create your own designs.

INTARSIA TIPS

You may have noticed that most of our intarsia designs use yarns of the same quality for each picture. The main reason for this is that the yarns should have the same washing and pressing requirements. This is particularly helpful for beginners to machine knitting who don't have the experience of using different types of yarn. However, as you learn how different yarns behave, substitutes can be used if you want to give individuality to designs, possibly using some textured or special effects yarn. If you want to use different types of yarn for an intarsia design, knit a sample length of plain knitting, using the various yarns for several rows each, wash the sample in the same way as the completed garment will be cleaned and press if required, to check the suitability of the combination of yarns. This will save making time-consuming mistakes with the actual picture design itself. Knitting a sample length, over 60 sts on a standard gauge machine, is also very useful for deciding on colour combinations. One long length is much quicker than several smaller swatches and can be folded as necessary to place colours next to each other for consideration.

"CHRISTMAS TREE"

As promised last time, this month's design is intended primarily for the younger members of the family and would be suitable, if knitted in 4ply, for chest sizes 24″ upwards. There's no reason, of course, why larger but nevertheless young-at-heart members of the family shouldn't also sport the Christmas Tree if they like! It could prove a very useful aid to dropping hints regarding anticipated gifts if you wear it before the festive season with the required present in lettering above or below the Christmas Tree. (A complete set of lettering is included in the February 1989 intarsia feature).

In order to achieve the same effect as the original sample, use materials as detailed below:

YARNS:

FORSELL Shamal (80% Acrylic, 20% Wool)
Main Colour: White (Shade 500)
Green (Emerald, Shade 554)
Red (Hussar, Shade 526)
Royal Blue (Prussian, Shade 514)

FORSELL Software (60% Wool, 40% Nylon)
Brown (Chocolate, Shade 966)

TWILLEY'S Goldfingering 4ply (Viscose 80%, Metallised Polyester 20%)
Gold (Shade 2)

Tinsel Chenille in gold and silver.

Should you have any problem in obtaining tinsel chenille, supplies can be purchased, at 20p per metre, plus 20p p&p (any amount) from: Rosalie Davis, Wayside, Fawkham Road, West Kingsdown, Kent, TN15 6JP. Please state whether gold or silver required.

MACHINES:

Standard gauge machines with intarsia facility.
Design covers 70 sts and 100 rows.

If you knit this design on a chunky machine, you should bear in mind that it will be proportionately bigger.

DECORATION

As you will see from the chart for our Christmas Tree intarsia, the design consists of very simple shapes, making it both easy and quick to knit. The amount of decoration is then entirely up to you, giving plenty of scope for imaginative and creative talents. On our original sample, double strands of yarn in contrasting colours to the knitted parcels have been used to embroider ribbons and bows. Ribbons have been embroidered using straight stitches and the bows have been embroidered using lazy-daisy stitch (see Fig. 1). Lazy-daisy stitch has also been used for the candle flames (see Fig. 2) using gold yarn, so very realistic. The *most* realistic part of our Christmas Tree design, however, must surely be the tinsel! Available in several colours, tinsel chenille is ideal for the purpose but gold and silver only have been chosen for our tree, being the colours traditionally used to decorate the real thing with. The tinsel chenille was threaded through the knitting using a blunt-nose, larged eyed bodkin and oversewn with a couple of stitches at the back of the work to secure each end, with a stitch in green sewing thread anchoring just the centre of each length where the colours cross over. On completion of the knitting, the red bauble at the base of the Christmas Tree was given a small patch of light with one swiss darned stitch in white.

ADAPTIONS AND VARIATIONS

As already mentioned, this particular intarsia design lends itself beautifully for imaginative embellishment. Although the tree itself has been given no decoration other than candles and tinsel, all sorts of other adornments could be added instead of or as well as those used on our original sample. Sequins are available in an amazing variety of shapes and colours, so these are the obvious choice. (Do make sure to stitch any form of decoration on firmly, particularly on garments for small children). Alternatively, decorations could all be embroidered if you prefer. Baubles, the same as the red one at the base of the tree, could be placed at random on the tree, using different colours or all the same colour — a green tree with just red baubles would be very effective. Twilley's Goldfingering is available in a wide range of colours, including multi-colours, and would be ideal for some sparkly tree decorations. Small square parcels could also be knitted in or swiss darned afterwards. Instead of embroidering ribbons on all the parcels, some could be given embroidered patterns on the paper, in the form of little white french knots for example, or single strand yarn straight stitches quite close together, diagonally across the parcels, to give the effect of striped wrapping paper.

As always with designs intended for the front of a garment, if possible include part of the design on the back and/or the sleeves as well, to give interest to the whole garment. In the case of this Christmas Tree design, the parcels at the base of the tree could be continued out to the side seams on the front and also knitted across the back in the same position (i.e. beginning on the same row as the front), so that the parcels continue in a line all around the sweater. This would be most effective if the design began quite close to the welts, rather than having a line of parcels sitting part way up the back of the sweater. The line of parcels could also be knitted on the sleeves just above the cuffs. However, allow approx. 10 rows before starting the parcels on the sleeve so as not to lose part of the design in the cuff gathering. If knitting the Christmas Tree on a sweater for an older child (or even an adult), try placing the design in the centre of the front with a border pattern of little parcels knitted using the 24 stitch punchcard. The border design can also be given some extra details, either in the form of bows in different colours, swiss darned ribbons or small sequins. Using narrow ribbon on the parcels under the tree or on the border pattern in place of the embroidered ones would also be very effective. The parcels border can, of course, be used in conjunction with other festive designs.

There are so many possible variations and embellishments, we're sure you'll find it a pleasure deciding on, and making, your own version of our Christmas Tree. We're equally certain that any recipient will be absolutely delighted. Or, use the design for a Festive wall hanging which can come out and be used year after year! Whatever you decide to do, have a very happy and peaceful Christmas and we'll be back to give you lots more ideas for a creative 1990 next year.

LETTERS, HINTS & TIPS

If you have an amusing or interesting bit of chit-chat or a helpful hint which you'd like to share with your fellow readers, or perhaps have a question or a problem you think your fellow readers can help with, write to us — we'll send you a £5 reward if your letter is published.

Dear Laraine,

I usually help with the 'Christmas Stall' at our school Autumn Bazaar and am always trying out new ideas. This year I put dried lentils in gravy granule tins, glued them down with Araldite and knitted covers with animal, alphabet and Xmas motifs — about 60 stitches and gathered them onto the boxes tightly top and bottom and made a pom pom for the top — very colourful shakers to shake along with the radio etc — instant maraccas!

Anne Sewter, Stamford, Lincs.

Dear Laraine,

As the price of greeting cards seems to be going up and up, why not substitute with something practical for a knitting friend? Buy a notebook, and on it's cover stick colourful, appropriate cut-outs from old adverts or catalogues. There will be numerous times when that notebook will become an essential knitting accessory!

Margaret Harris, Okehampton, Devon.

Dear Laraine,

Having read in your September issue of Mrs. Farquhars problem with patterns for non-standard body shapes (of which I am one), perhaps I can help.

My husband John writes computer programs for me and also sells them to other knitters who have access to a computer.

One of the reasons for the program was that, like everyone else, I have the same large cupboard stuffed to the gills with my "bargain" buys, and not a pattern in sight to match the wierd and wonderful tensions my "bargains" produce — hence the program. Another reason was that some of the gentlemen I have knitted for do weight training and their bicep measurement is approaching my waist measurement!

Neck measurements were always a problem for me too. When I first started machine knitting you could always tell which child I had knitted for — they were the ones with blue faces! Yes, you've got it, the necks were . . . . well, not quite right, despite holding position when decreasing.

Anyway back to Mrs Farquhar, I have enclosed a couple of printouts in both graphics and text for large mens sweaters on a STANDARD gauge Japanese machine (200 needles).

If anyone else would like information they can contact either me or my husband John at the address below of telephone anytime.

Mrs. B. Senior, 51 Lindsey Rd, Cleethorpes, South Humberside. DN35 8TN. Tel (0472) 600647.

Dear Laraine,

I read in your August magazine a letter from Maureen Mobey who is disabled and required some knitters graph paper by post. I got mine which is brick shaped not square from Joy Gammon, P.O. Box 32, Warwick. CV4 5GN. There are five sheets of A3 sized knitters graph paper for £2. I hope this is helpful to Maureen and others.

Sheila Pickin, Staffs.

Dear Laraine,

I was wondering if you could possibly oblige me with a pattern of a man's pullover, up to 42" chest, with a TRAIN, either a chart or diagram. If not, could you possibly let me know where to get one.

Mrs Eve, Carlisle, Cumbria.

Dear Mrs. Eve,

Unfortunately, we don't have such a pattern. However, perhaps one of your fellow readers can help — we've had such a good response to the many varied requests we've published over the months. Thank you to all of you who have been kind enough to help.

Laraine

Dear Laraine,

This morning I was knitting happily away on a jumper, when I made a mistake (don't we all?) However, I was so pleased with the result that I had to write and share it. I transferred the stitches for a 1 × 1 rib neckband, but when I knitted the first row somehow my ribber had become set to the 'hold' position — the main bed knitted normally. The jumper was for me, and I thought perhaps it wouldn't show on the right side, so I reset the ribber and carried on with the band as normal. When I took the knitting off the machine I found I had made a little ridge on the right side. I personally always find it easier and quicker to catch my bands down on the inside, but this looks as though it has been stitched on the outside — the best of both worlds!

I'm now going back to my machine to see what other mistakes I can make . . . .

Joy Osgood, Newport Pagnell, Bucks.

Dear Laraine,

Following your request in the September 1989 issue of Modern Knitting for ideas for knitted bazaar items, I have enclosed my own 'Noel' punchcard pattern which your readers may find of use.

Having bought Wendy Philips 'Merry Christmas' book with it's 50 Xmas motifs, I have found her ideas very useful and particularly like the little bags to hang on the Xmas tree. These would make excellent bazaar items and are very easy to make. My 'Noel' motif fits just nicely onto one of these bags and, knitted in off-white with a fine lurex thread running through it, is very effective.

Hazel G. Bailey, Bishop's Stortford, Herts.

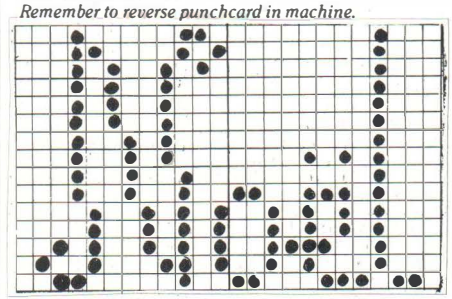
Remember to reverse punchcard in machine.



For details of Wendy Philips 'Merry Christmas' Book, send an SAE to Wendy Philips (Publications), P.O. Box 5, Windermere, Cumbria LA23 3AN quoting this issue of Modern Machine Knitting.

Dear Laraine,

I love the Farmyard Collection series in your magazine and, having an electronic I avidly collect all the designs.

However, I did find it quite a strain on my eyes following the electronic charts until I discovered that by using a ruler to follow each line and a magnifying glass propped over the pattern area, I could follow the designs with no problem and record them in half the time it used to take me. Perhaps other readers would find this tip useful.

Betty Gregory, Hull.

FARMYARD COLLECTION

(Part 10)

Animal motifs are always popular and our Farmyard Collection will provide you with some delightful farmyard motifs — for both electronic and punchcard machines. Collect our Farmyard designs every month and build up your own exclusive Farmyard Collection.

PHEASANTS

This month's Farmyard Design is of Pheasants, both the hen and the cock bird. On our large electronic picture, we've Swiss Darned some central stitches in rust to taper into the tail of the cock bird and we've also Swiss Darned red and white markings onto his face.

The beautiful punchcard pheasant motifs are designed to be used singly or as a repeating pattern. For the repeating pattern, the cock bird has been carefully worked out with the tail sweeping round and an attractive background, so that there are no long floats. However, if you'd like to knit him as a single motif, omit the background from the punchcard and also the two tail stitches which are marked on the punchcard.

As an alternative to Swiss Darning the face markings, we've also used red triangular buttons, sewn on to the heads with white yarn plus a black bead or French Knot for the eye.

Machines
Cock with hen birds — for electronic machines.
Note — if you don't have an electronic machine, you can also knit this design by using the eletronic chart as an intarsia chart.

Hen birds and cock birds — both punchcard charts are suitable for use with electronic machines and 24 stitch punchcard machines.
Note — when using the punchcard charts to make an electronic design card, fill in a square where the punchcard chart shows a hole.

THE SWATCH SPOT

We have designed a lovely range of Christmassy motifs for you to knit for the festive season. Use them as borders for children's knitwear or make them up into Christmas cards for that individual look. A small amount of swiss darning enhances these simple motifs and adds to all the colours of Christmas.

CORRECTION

Some of you have very kindly let us know that we made a mistake on thge punchcard chart of the labrador puppy in our October Farmyard Collection. The mistake was on the face of the smaller puppy so here is the correct chart for the face. Sorry about that and thank you to those of you who took the time to let us know.

FATHER CHRISTMAS OUTFIT

In our October issue we gave you the pattern for our Teddy Bear. He stands 21 inches high and we're sure he'll be a great success with any young toddler. This month we've knitted a Father Christmas outfit for him — imagine a toddler's face seeing a Teddy Bear dressed as Santa Claus on Christmas morning! If you missed our October issue with the original Teddy pattern, send £1.25 plus 28p p&p for your copy to Modern Knitting Ltd, P.O. Box 175, Kingston-upon-Thames, Surrey KT2 6HA.

SOFT TOYS FOR CHRISTMAS

Modern Machine Knitting reader, Mrs. A. Smith from Sheffield sent us her pattern for a basic knitted doll which she made last Christmas. She adds that from this pattern (more or less) she has made lots of other types of dolls, but this Pierrot was the first one.

We liked her idea very much, and decided to try a few variations of our own. First we used 4ply yarn to make the smaller dolls which are around 23.5 cms (9¼ ins) high. Then we tried knitting the same number of stitches and rows but this time using Chunky yarn — and were delighted with the results — a Snowman and a Father Christmas each approx 42 cms (16½ ins) tall.

The dolls are fun to make and use up oddments. Soft and cuddly they are ideal for small children, or as mascots for those who are more grown up! One word of caution if you are making for babies or small children — any decorations such as facial features, buttons etc. should be embroidered, or sewn on securely if made from felt. For the sake of safety, avoid anything hard or sharp which can be pulled off and swallowed. Brushed yarns might also be unsuitable, and if you want toys that can be washed, stuffing should be polyester rather than kapok.

TO KNIT

Legs: (Make 2)
Push 20 Ns at left of centre O to WP. Using col 2, cast on using automatic method. RC 000. TD at 6. Knit 6 rows. Change to col 1 and knit 30 rows. Using nylon cord knit Ns back to A position. Push 20 Ns at right of centre O to WP and make second leg in a similar manner. Return set of Ns on nylon cord to WP. (40 Ns altog in WP).

Body:
Using col 1, knit 50 rows, then change to col 2 and knit 14 rows. Break yarn leaving a long end. Thread end through sts and release from machine.

Arms: (Make 2)
Push 16 Ns to WP. Using col 2, cast on using automatic method RC 000. TD at 6. Knit 6 rows. Change to col 1 and knit 22 rows. Break yarn leaving a long end. Thread end through sts and release from machine. Make second arm in a similar manner.

Frill:
Push 60 Ns to WP. Using waste yarn, cast on and knit a few rows. Change to col 1, RC 000. TD at 6. Knit 10 rows, then 2 rows in col 2. Transfer every alt st to adjacent needle to make picot edge. Return all Ns to WP and using col 2 knit 2 rows. Using col 1 knit 10 rows and pick up loops from first row knitted in col 1 and place onto same Ns. Knit 1 row and break yarn leaving a long end. Thread end through sts and release from machine.

TO MAKE UP

Draw up thread tightly at top of head and sew back seam. Sew each leg seam leaving bottom edge open. Stuff lightly, then draw up threads at each foot of doll and fasten off. Sew arms in the same manner, stuff and attach on either side of doll at shoulder height. Join seam in frill to make a circle. Pull over head of doll to just above shoulders, and pull thread up tightly (this will make a neck) and sew all round. Eyes, mouth and buttons can be cut from felt and stitched or glued on, or may be embroidered with black thread.

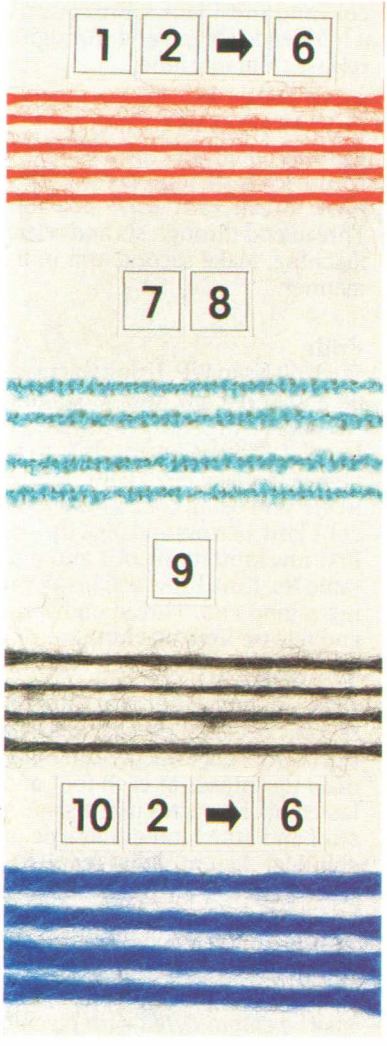
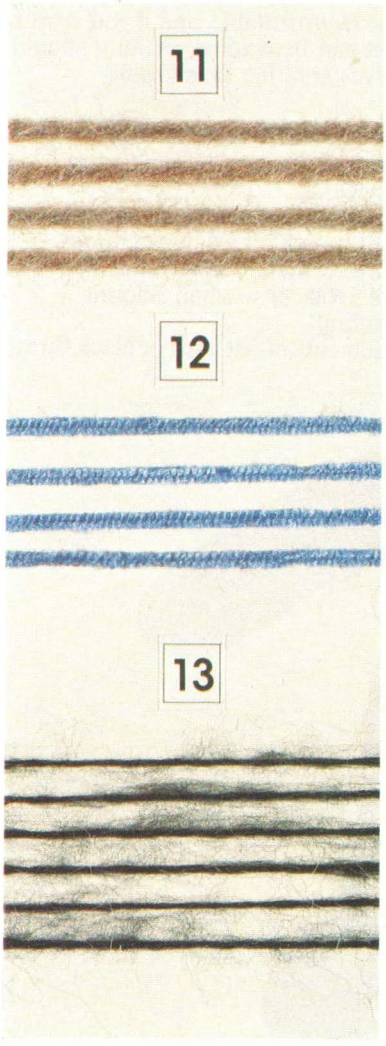
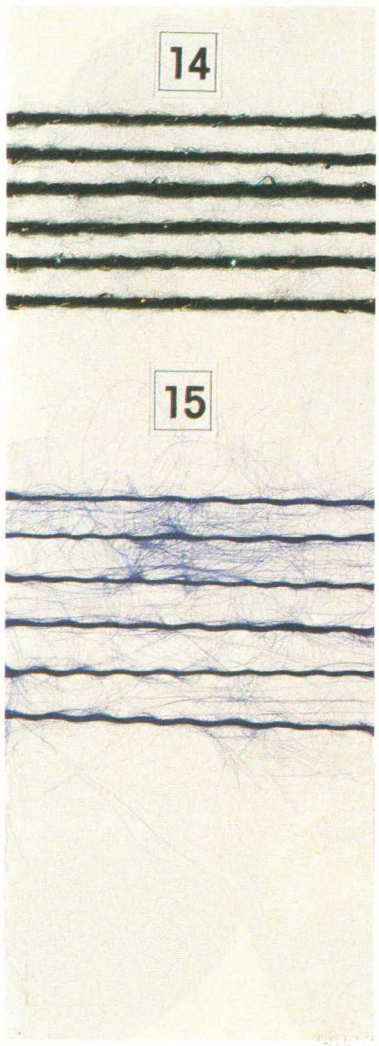
YARNS USED IN THE PATTERNS

For your reference we have included an actual size representation of the yarns we have used in the patterns this month. You may find it useful to see how each particular yarn looks before it has been knitted into a garment and it will be particularly useful when we haven't quoted a brand of yarn, simply a type of yarn.
Our overseas readers will also find it helpful since not all the yarns will be available in all countries. However, having said that, it will certainly be worthwhile writing to the spinners listed in our Stockist Information to see if there is an overseas mail order service available.







HOW TO WORK FROM A DIAGRAM PATTERN

The pattern instructions in Modern Knitting are in the form of a diagram pattern, which is by far the easiest form of knitting pattern to use. However, if you are not familiar with diagram patterns, Here's a step by step guide which will teach you to use this easy-to-follow pattern system. Study the symbols on next page carefully then work through the diagram following the written explanation alongside. You'll find it quite straightforward and, once you have knitted your first couple of patterns using this system, you'll wonder how you ever coped with those long winded written patterns.

First of all, take a look at the diagram itself. The diagram is divided into two halves. On the right side you'll find all the stitch and row references while on the left side you can see we've given all the measurements which will help you when pinning your knitted pieces out to size. In addition, you'll find certain items of information on the diagram such as the needle arrangement for the rib, the type of cast on you should do and any other relevant information you might need. As you can imagine, once you are familiar with this type of pattern, you'll be able to see at a glance just what's involved in the knitting of each design without having to read the whole pattern.

Starting at the lower edge, your first instruction is AAAA 60S. This tells you to cast on 60 stitches using the ribber.

tells you to arrange the needles for a 1 × 1 rib.

000 at the bottom right hand corner tells you to set your Row Counter to 000.

MT-3 tells you to set your Tension Dial to 3 numbers lower than the Main Tension.

The first row number given is 006, so knit to row 6.

The line across the diagram at row 6 tells you that you have finished knitting the rib, so transfer the stitches from the ribber to the main machine.

000 at the right hand edge tells you to turn your Row Counter back to 000.

MT tells you to set your Tension Dial to the Main Tension. Continue knitting until your next instruction which is on row 40.

The diagram pattern shows you that you are now at the stage for shaping the armholes. **Although the shaping instructions are shown on one side of the diagram only, they should be worked on both sides, since the diagram shows there is the same armhole shape on the left side.** If you find it easier to begin with, pencil in the same instructions on the left side to remind you that you have only been given the instructions for one armhole.

1S.1R×2 is the instruction.

1S tells you how many stitches to decrease.

1R tells you how many rows after each decrease.

×2 tells you how many times to decrease.

Therefore, 1S.1R×2 means:-

Decrease 1 stitch on both sides (you are repeating the shaping instructions for the left armhole). Knit one row.

Decrease 1 stitch on both sides, knit 1 row.

The next instruction is 1S.2R×1. Therefore, decrease 1 stitch on both sides (you are repeating the shaping instructions for the left armhole). Knit 2 rows.

The next instruction is 1S.3R×2.

Therefore, decrease 1 stitch on both sides (you are repeating the shaping instructions for the left armhole). Knit 3 rows.

Decrease 1 stitch on both sides. Knit 3 rows.

Your next instruction is not until Row 68 therefore knit to row 68 without shaping.

The diagram pattern shows you that you are now at the stage for shaping the neck.

The symbol V tells you to divide the work in half and knit each side separately.

Therefore, either push the needles at left into holding position, or knit them onto waste yarn and remove from the machine. Now knit the right side as follows: —

5 S tells you that 5 stitches form the base of the neckedge.

Therefore, using a length of main yarn, cast off 5 stitches.

Your next instructions are for the neck shaping

2S.2R × 1
1S.2R × 2
1S.1R × 1

and should be carried out in the same way as before.

The last instruction is on row 76 where the straight line shows you should cast off the remaining 15 stitches.

Then, of course, you must turn the Row Counter back to 68 and knit the left half of the neck in the same way.

For those of you who are new to diagram patterns, the important points to remember are: —

1. The stitch, row and shaping references are on the right half of the diagram.
2. Shaping instructions are given for the right side of the diagram only. They should be repeated on the left if the diagram shows there is the same shape on the left.
3. A shaping instruction such as 2S.1R × 3 means decrease 2 stitches, knit 1 row, 3 times in all.
4. Don't worry too much if you find you're the odd row or stitch out on your first couple of attempts. Nobody will notice and you'll soon get the hang of using diagram patterns and wonder how you ever managed without them.

FAIR ISLE SQUARE NECK CARDIGAN

This fashionably short cardigan has been designed by one of tomorrow's new, young designers — Jeanette Boulton of Nottingham Polytechnic. Jeanette has designed two interesting Fair Isle punchcards and has used them cleverly with a variety of colours to create an unusual effect. You might like to consider using these Fair Isle punchcards in the same way on more traditionally shaped sweaters and cardigans too.

For Standard Gauge Punchcard & Electronic Machines.

SIZES:
To fit 81-86(91-96) cms/32-34(36-38) inch bust.

MAN'S GREY CHUNKY SWEATER

This very simple sideways knitted sweater shows how easily you can introduce a touch of individuality to your knitwear. We've introduced a few stripes of colour and then added texture simply by embroidering a straightforward cross stitch over the stripes using the main yarn. You can use this technique to add texture and colour to any plain design.

For 9mm Chunky Machines with Ribbing Attachment.

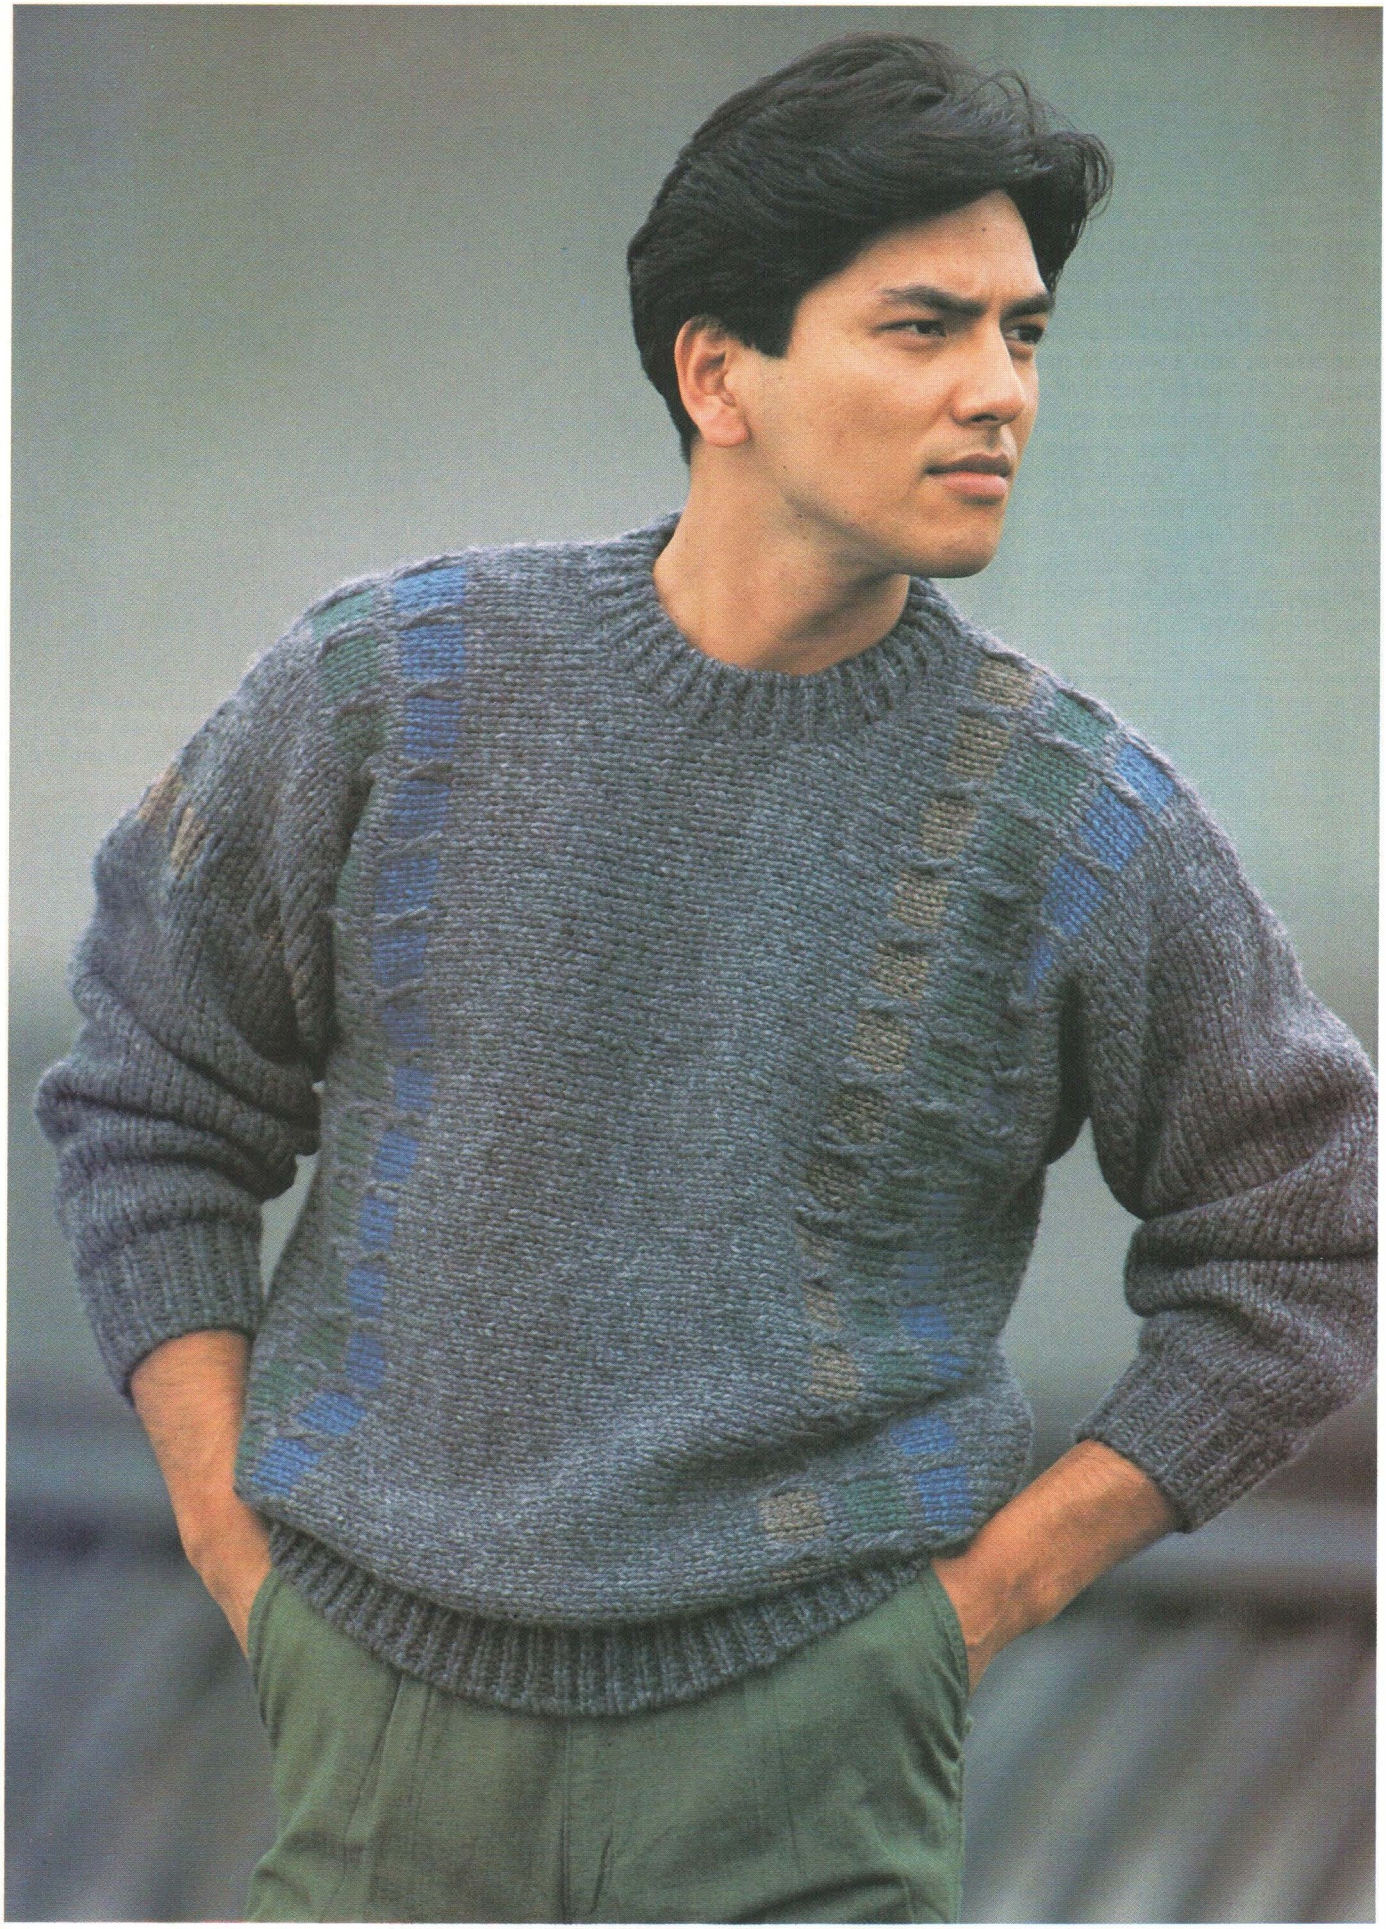
Pattern 11



EMBROIDERED EVENING JACKET

Here we've taken a rather pretty Fair Isle border pattern and outlined it with a gold metallic yarn by 'zig-zagging' over the metallic yarn using a sewing machine. You might like to try this technique to embellish other Fair Isle patterns too. If you don't have a sewing machine or don't want to use this technique to add a touch of glitter to your party knitwear, try simply using a metallic yarn as your second colour to give an instant glitter effect. You might also like to knit this Fair Isle design as an all-over pattern — it's a very effective design and works equally well without the metallic embroidery.

For Standard Gauge Punchcard & Electronic Machines and Sewing Machine if Embroidering required.

SIZES:
One size to fit 86-96 cms/34-38 inch bust.

APPROXIMATE YARN TYPES AND AMOUNTS:
Col 1 (Cream CH02) — 570 grms (Atkinson's 4ply Chenille)

CHRISTMAS ROSES SWEATER

This lovely classic sweater has been cleverly decorated by knitting a leaf motif (either by intarsia or using an electronic machine) and adding some three dimensional 'roses'. Try knitting one of the roses to learn the technique we've used — you might like to adapt the technique to create other three dimensional flower decorations. You should also consider knitting one or two plain versions of this sweater in different colours — the yarn is lovely and the shape delightful.

For Electronic Machines with Ribbing Attachment or Standard Gauge Machines with Intarsia Carriage and Ribbing Attachment.

SIZES:
To fit 81(86)(91) cms/32(34)(36) inch bust.

APPROXIMATE YARN TYPES AND AMOUNTS:
Col 1 (Black 48) — 400 grm cone (King Cole Angora Look 4ply)
Col 2 (Jade 22) — small amount (King Cole Angora Look 4ply)
Col 3 (White 1) — small amount (King Cole Angora Look 4ply)
Col 4 (Gold) — small amount — (4ply Lurex yarn)
Pair shoulder pads.

TENSIONS:
Stockinet — 28 sts and 41 rows to 10 cms. TD at approx. 8 (MT)
1 × 1 Rib — 57 rows to 10 cms. TD's at approx. MT-6.

PATTERN NOTE:

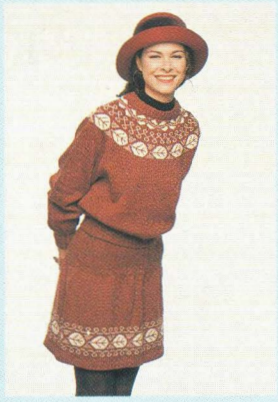
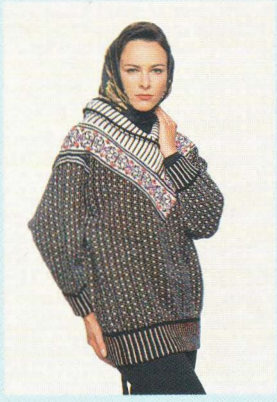
Modern Machine Knitting

COMING NEXT MONTH





BE CREATIVE WITH BUTTONS

Buttons are such an easy way to add an extra special touch to your knitwear. Next month we show you some of the beautiful buttons which are available by mail order and tell you where to send for them.

THREE COLOURS IN A ROW

Last month we told you how to convert two colour Fair Isle designs into designs with three or more colours in a row using Knitmaster's 580 electronic and PE1 Design Controller. Next month we show you how to do this if you own a standard gauge punchcard machine. We also show 580 owners some variations on this subject.

PLUS

All our regular features, hints, tips, techniques and advice — and lots more beautiful designs and patterns for the whole family.

The January issue of Modern Machine Knitting will be in your shops on December 14th. Make sure you don't miss it.
